

Projects Worth SR 700 million In Northern Borders Province

13 July 2010

Arar -- The Director General of Water Department in the Northern Borders Province Eng. Afat Bin Hamdan Al-Sharari has said that water and drainage projects for this fiscal year amounted to more than SR 700 million for cities, governorates and villages of the Province.

In a press statement, he pointed out that the projects included water purification stations, reservoirs, pipelines, pumping stations, drainage systems networks and replacement of networks and reservoirs in old suburbs.
