

Saudi National Water to sign partnership contacts with private sector

- Saudi Arabia: Saturday, August 28 - 2010 at 09:33

Saudi Arabia's National Water is to sign a SR173.75m (\$46.3m) partnership contract with private firms to manage and operate water and wastewater sectors in Makkah and Taif, SPA has reported. A five-year contract with a consortium of a French firm with El-Zamel Co includes the supervision over the development of water and waste water networks, their management, operation and maintenance in the two cities.
